

Department of Managed Health Care Financial Solvency Standards Board

Announcement

The Department of Managed Health Care (DMHC) is requesting potential contributors to the Financial Solvency Standards Board (FSSB) meeting scheduled for February 11, 2013 in Sacramento.

Specifically, the DMHC would like to solicit 5-7 speakers to provide input regarding the effectiveness of existing plan and provider group oversight, in light of the various managed care initiatives underway in California, and the significant changes coming to the health care coverage landscape. These include: Covered California (the Exchange), mandatory essential benefits, Medi-Cal managed care expansions, affordability, and new managed care delivery models. The DMHC invites the presentation of ideas, problems, and potential solutions.

Potential areas for input:

- Adequacy of plan and provider solvency regulations
- Oversight and remedies for plans and non-compliant Risk Bearing Organizations (RBOs)
- More effective remedies for late and non-payment
- Definition of an RBO: too narrow or broad?
- Sub-delegated enrollment, affiliates, oversight of Management Service Organizations (MSOs)
- Licensure criteria and triggers
- Downside risk pools: what is allowable?

DMHC envisions this discussion to be open, but with an eye toward activities the DMHC could consider undertaking.

If you are interested in addressing the FSSB at the February 11, 2013 meeting, please send an email with your name, contact information, and a brief description of your topic to FSSB@dmhc.ca.gov .

Please feel free to pass this message on to all interested parties. Thank you for your interest in the FSSB.
